#### ATHENIAN CLUB.

The last meeting of the Athenian Club for the past year was held with Miss Lizette Zuber on Monday, May 4. A large number were present. After the usual form of opening there was a general discussion on the question: "Has the British Protectorate been of advantage to Egypt? The universal opinion seemed to answer the question in the affirmative with substantial reasons for the same.

After this discussion a very pleasant social hour followed and the hostess served most delicious refreshments—only such as an accomplished, genuine German woman would know how to prepare.

A fitting climax to the opening of the Panama Canal will come with the great Exposition at San Francisco. The plans are complete. The beautiful *de luxe* Booklet of the Exposition is now ready.

A big question confronted the Exposition authorities: "How shall we put this handbook into the hands of intelligent people—everywhere?"

The problem was as big as the world's map. Various methods were considered and discarded.

Final judgment pointed to this most appropriate and logical way:—The Remington Typewriter Company was selected as the official distributor. *Why?*

—Because the Remington Typewriter Company is known wherever men communicate with each other in written language.

—Because the 658 Remington offices which dot the earth are supply stations for the most remote points in the two hemispheres.

To indicate further its belief in the Remington Typewriter, the Exposition management will type all its official letters on Remington machines. For the use of visitors, hundreds of Remingtons will be installed in the Exposition grounds.

#### What the Book Contains:

The illustrated *de luxe* Booklet of the Panama Exposition answers many interesting questions concerning the Exposition and the Canal.

For instance:—Why at Panama will the sun rise out of the Pacific Ocean and set in the Atlantic? What were the climatic conditions which the 50,000 canal workers had to face on that strip of tropic land? How long will it take to pass a giant steamship through the canal? How will this vast national enterprise affect the Nation's trade routes and the world's commerce? How will the Exposition be staged? What will visitors see when they get there?

This handsome booklet is full of beautiful colored pictures illustrating the text, as well as several double-page maps.

You will do well to get a copy of this beautiful booklet which, in accordance with our arrangement with the Exposition, we are now distributing free.

Call at our local office and we shall be glad to give you a copy.
